CLASS INFORMATION & ELIGIBILITY

RANCH RIDING

A ranch riding horse is judged on its ability to work at a forward, working speed while performing required maneuvers. The ranch riding horse should simulate a horse riding outside the confines of an arena and reflect the versatility, attitude, and movement of a working horse. Horses show on the provided pattern individually. Judges are looking for relaxed, responsive horses with soft and cadenced gaits. The horse should make timely transitions in a smooth and correct manner, plus the horse should be soft in the bridle and yield to contact.

- **Open** - Any horse/rider combination. Horses must be shown one handed in any legal shank bit.
- **Non Pro** - Any horse/rider combination with the exception of professional equine coaches or trainers. Horses must be shown one handed in any legal shank bit.
- **Youth** - Any horse/rider combination. Horses may be shown one or two handed in any legal bit. Riders may not switch between one and two hands partway through the pattern.
- **Green** - Any horse/rider combination. Horse/rider combination may not cross enter into any other Ranch Riding class. Horses may be shown one or two handed in any legal bit. Riders may not switch between one and two hands partway through the pattern.

RANCH TRAIL

This class, modeled after the Versatility Ranch Horse ranch trail class, tests a horse's ability to negotiate obstacles that may commonly be found on ranches. Maneuvers include riding over obstacles, opening and closing gates, riding across bridges, backing, sidepasses, and dragging objects.

- **Open** - Any horse/rider combination. Senior horses must show one handed in any legal shank bit. Junior horses are permitted to show with two hands in a snaffle or bosal.

RANCH CONFORMATION

The purpose of this class is to preserve the Ranch Horse type by selecting well-mannered individuals in the order of their resemblance to the breed ideal and that are the most positive combination of balance, structural correctness, and movement with the appropriate breed and sex characteristics and adequate muscling. Horses must be presented well-groomed, no hair trimmed from their ears or muzzle. Horses are to be shown in a good working halter: rope, braided, nylon or plain leather. Horses will walk to the judge one at a time. As the horse approaches, the judge will step to the right to enable the horse to trot straight to a cone placed 12-15 metres away. At the cone, the horse will continue trotting, turn to the left, and trot toward the wall or fence of the arena. After trotting the horses will be lined up head to tail for individual

inspection by the judge. Horses should stand square with a natural neck-headset. Exhibitors must present themselves wearing a long sleeve shirt with a collar, jeans, western boots or a similar working boot, and western hat.

- **Open** - Any horse/handler combination. *Horses must have entered at least one other Ranch class to be eligible.*

REINING

Reining is a judged event designed to show the athletic ability of a ranch type horse within the confines of a show arena. Each pattern includes small slow circles, large fast circles, flying lead changes, rollbacks over the hocks, 360-degree spins done in place, and exciting sliding stops that are the hallmark of the reining horse. "To rein a horse is not only to guide him, but to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and be dictated to completely."
